Haha, that's funny, I imagined that being me and my IRL sister when she joins in six months-ish.

Oooh is siblings! So what's it like? Do you think the other is really annoying? How does sibling fights work? Who's superior at home or are you both equal? Do your parents get annoyed? If you could only save one who would you save, sister or BFF? Sorry, just a very curious only child.

Marine, you waited until now to ask your single child questions? There are other siblings; like me and Bramble, or Pluto and Nacho.

It's fine! I kind if like answering questions about this.

Sometimes siblings can be annoying, sometimes it's great to have someone else your age who you can need out over the umbrella academy with. I have three siblings, an older sister (Aeryth) and two younger brothers.

Um, with us, sibling fights can get pretty violent, because we all know martial arts. I once (by accident) gave my brother a bloody nose. I personally like having three siblings a lot, because when you get mad at one of them you can always do something else with a different sibling.

We're pretty much all equal. Our parents do get really mad at us sometimes, either for fighting or breaking something or just being annoying (usually my brothers for the latter).

If I had a choice, I would save my siblings, because friends come and go but family is forever. But sometimes I happen to change my mind whenever we fight.
